

STAT Technologies. is now offering a series of special CardioChek programs for our customers...

Each program is designed to provide additional testing equipment according to your needs without requiring the use of your capital budget.

For screening events that require additional equipment, STAT Technologies will provide the CardioChek Analyzers for a 15 to 90-day period at no charge with your qualifying test purchase. In addition, we offer a free 1-year Reagent Rental program designed for customers who need CardioChek analyzers for an extended period of time. Also, in conjunction with PTS, we offer a no charge CardioChek System Placement Program for a minimum of 2 years with annual renewals available.
