For 26 years, STAT Technologies has been dedicated to providing hospitals, home health agencies, pharmacists, chiropractors, family practitioners and corporate wellness providers with top-notch, CLIA-waived point-of-care devices. We are as in tune with the growing needs of our clients today as we were then and continue to strive for excellence in the medical field.

“Stat was so helpful and I appreciated that in a time when I was pretty stressed about finding what I needed.”

- Quick test results to get the answers you need, when you need them.
- Simple to store
- Easy to ship
- No refrigeration necessary

Please call or email with any questions you have. We have operators standing by ready to assist you.
