

Kihealth is transforming how people detect, prevent, and treat disease through a state-of-the-art approach connecting novel diagnostics, genetics and at-home healthcare delivered direct to the consumer.

Diabetes Risk Test

Prevent Diabetes Through Early Detection

Unlock the earliest insights into your diabetes risk with this cutting-edge test, meticulously designed to reveal the state of beta cell function and health—the pivotal factors in diabetes development.

Why Choose the Diabetes Detect Test?

01

Early Detection

Focus on early indicators of diabetes, offering you a significant advantage in proactive health management.

02

Comprehensive Beta Cell Assessment

Understand the key aspect of your metabolic health for informed health decisions.

03

Empowering Insights

Equip yourself with the knowledge to potentially alter the course of diabetes.

04

User-Friendly and Private

Conduct the test easily at home with complete privacy and convenience.

05

Trusted Accuracy

Rely on clinically validated methods for precise and reliable results.
